

MA323 Lab 8

Ashish Kumar Barnawal 180123006

November 4, 2020

The following are the outputs from the program

$$\mu = 0.000298106 \quad \sigma = 0.0222817$$

The graphs are generated show stock price $S(t)$ for 1000 days, a point is plotted at end of each day. Here, $t = 0$ is end of Sept 30th, and $t = 1$ is end of Oct 1st.
